Make your home safe for you and your children and prevent contamination to our water and sewerage systems by checking your household for any expired and/or unused over the counter and prescription medications and drop them off at the Easton Police Department where they will be safely destroyed.

Keep drugs in the original container or, if not available, put them in a sealable plastic bag. Liquid medications should be in their containers and inside sealable plastic bags.

Drugs may be dropped off at the rear of the Police Department.
